MATRIMONY.

The following capital parody on Hamlet's soliloquy is from the Knickerbocker Magazine for October:

"To wed, or not to wed, that is the question;
Whether 'tis happier to the mind to stifle
The heats and tumults of outrageous passion,
Or with some prudent fair in solemn contract
Of matrimony join. To have--to hold—
No more—and by that "have," to say we end
The heart-ache and a thousand love-sick pangs
Of celibacy—'twere a consummation
Devoutly to be wished. In nuptial bond
To join till death dissolves—eye, there's the rub;
For in that space what dull remorse may come,
When we have taken our solemn leave of liberty,
Must give us pause. There's the respect
That slacks our speed in suing for a change,
Else, who would bear the scorns and sneers which bachelors
When aged feel—the pains and fluttering fevers
Which each new face must give to roving fancy,
When he might rid himself at once of all
By a bare Yes? Who would with patience bear
To fret and linger out a single life,
But that the dread of something yet untried,
Some hazard in a state whose strict bond
Death only can realize, puzzles the will,
And makes us rather choose those ills we have
Than fly to others which we fancy greater?
This last reflection makes us slow and wary,
Filling the dubious mind with dreadful thoughts
Of curtain lectures, jealousies, and cares,
Extravagantly great entailed on wedlock,
Which to avoid, the lover checks his passion,
And miserable dies a bachelor."

THE N. Y. *Herald* thus answers the croakings of the rebel journals in New York:

"When Lee and Grant begin to fight on the Rapidan, and the combat progresses from that point steadily southward for sixty miles, neither the *News* nor the *World* can make the country believe that Grant is being badly beaten all the time. Neither, when Sherman has penetrated to the heart of the greatest cotton States can they make the country believe that rebel victories are what took him there. The people of the United States know well that of the twelve States that the rebels pretended to hold when this war began they now hold entirely only the two Carolinas; that they have large armies only in Georgia and Virginia, and that in the whole country this side the Mississippi there is except those two armies, nothing to dispute our possession but guerrillas; and with that knowledge they very readily answer all those who argue that the Confederacy is triumphant everywhere, and that we are 'actually hemmed in at Paducah by Southern ascendency.'"

SHARP PRACTICE.—One of our men in the trenches before Petersburg, acting under a promise of safety from the rebels, went to the enemy's line to exchange some papers, and they took him, papers and all. This breach of faith was considered a proper subject of retalliation. A corporal, disguised as an officer, ventured out in front of another portion of the lines, and, holding up a package of papers, expressed a wish to exchange for Southern papers "Come over here, and we will exchange with you," a rebel called out. "Meet me half way," our corporal replied.—His firmness on this point soon brought out a gray-back officer, and a Major at that.—"Glad to see you," said the corporal. "Do you see that man behind that tree with a musket? You are my prisoner, and if you open your head, or don't follow me, you are a dead man." The Major followed, and is now a prisoner. Subsequently an offer was made to send back the man they had taken prisoner in exchange, but the boys could not see it.

SEVERE ON MCCLELLAN.—A few evenings since, at a social gathering of a number of ladies and gentlemen of the same family, the conversation at the tea-table turned upon the respective merits of our Major Generals. All had been criticised and a few lauded, who are now in active service, when the name of McClellan was mentioned, with the remark that "it was strange the President did not dismiss him from the service or give him an active command." A lady, the prettiest and wittiest of the party, the mother of a pair of very bright and intelligent children, replied, "It was better to pay him a salary for remaining idle than to permit him to exhaust the resourses of the nation by thrusting his own inaction upon the army, and paralizing it by his want of vigor." Her husband said, "We will not name our next boy George B. McClellan, then." "No," replied the lady, "not unless he should be a still-born, in which event it would be eminently proper." The subject was regarded as finally disposed of.—*Cincinnati Gazette.*

MALE AND FEMALE.—It is related that when Humboldt was asked, "Why the male of the human species offered an exception to the rule so general among all other animals, that the male is handsomer than the female?"—he replied, "I deny it! It is our native gallantry that makes us think women are more beautiful than men. Women do not concur in the opinion."

Summer Fallowing.

The following letter from Mr. Henry Gaddis, of Yolo county, we copy from the "Transactions of the State Agricultural Society." It speaks so well for itself, and presents the whole subject in so clear a light, that we insert it entire:

GRAFTON, Yolo Co., July 5th, 1864.

MR. I. N. HOAG, ESQ:—*Dear Sir*—In compliance with the request contained in your circular, I herewith submit a few facts and opinions derived from my experience in regard to Summer Fallowing, as compared with land tilled in the ordinary manner.—During the past six years, I have prepared a portion of my land for grain by this process, and the result has been an average of forty bushels of grain per acre, while I am sure that the land ploughed and sowed in the common way has not yielded fifteen bushels per acre in the same space of time, thus realizing a difference of nearly three to one in favor of the fallow ground. Take, for example, the year eighteen hundred and sixty-two, in which I harvested from a fallow crop, fifty bushels (sixty pounds) per acre, while most of my neighbors, as well as myself, raised about half of that yield, or even less, by the common method. Again, in 1863, I had a piece, containing about ten acres, that yielded, according to the best estimate I could make, thirty bushels per acre, although imperfectly fallowed, while grain grown beside it in the same field, and sown at the same time, produced about six bushels. Some of my neighbors have taken note of these facts, and those who were formerly skeptical are now fully satisfied of the importance and benefit of the fallowing process, and many have broken up their land during the past winter, so as to sow early and receive the benefit of the first rains.

I consider this a subject of very great importance to the grain growers of the State, and one that will scarcely be overestimated by them. It is decidedly the most economical method of farming; a farmer can, if he chooses and has the means to do so, double the quantity of land he cultivates; or he can raise the same quantity of grain upon half the land that is required by the common method, (and I am convinced that in many seasons the difference would be greater than this,) thus saving half the cost of tillage, seed, and harvesting.

There is another difference in the two modes of farming: the farmer who plows his land in advance of the season pushes his business before him, is not pressed for time, but can sow his grain before the heavy rains fall; but he who pursues the other method is always in a hurry when ploughing time commences, and the results, in many cases, are very unsatisfactory.

I consider the practice of summer fallowing peculiarly adapted to the climate of California, especially on clay soils. Though it is as old as Jeremiah, who takes notice of it, (Jer. 4, iii.,) it has not been much in favor in this fast country, because, by such means, a smaller number of acres is brought under tillage in the same season, yet it must be admitted that the advantages derived from it are so conspicuous that no reasonable person will condemn it. It is, perhaps, too much to say that the original vigor of partially exhausted soils is always restored by the fallowing process. But there can be no doubt that land in this condition is fertilized by becoming more absorbent of the ammonia and fertilizing gases of the atmosphere, which are brought down by the rains, and contribute to the nourishment of plants, as well as by the preparation of the chemical agencies contained in the soil, which are thus preserved in a state for future use. My experience in grain growing, and my opportunies of judging by the experience of others, have not been extensive, but the results of my observation and experiments have been so gratifying, that I am astonished that every farmer does not practice a system so conclusively excellent and profitable.

Yours, very respectfully,
HENRY GADDIS.

AN ANT TRAP.—Procure a large sponge, wash it well, and press it dry, which will leave the cells quite open; then sprinkle over it some fine white sugar, and place it where the ants are troublesome. They will soon collect upon the sponge and take up their abode in the cells. It is only necessary to dip the sponge in scalding water, which will wash them out dead by tens of thousands.—Put on more sugar and set the trap for a new haul. This process will soon clear the house of every ant.

AN individual advertised for "a wife" the other day, and requested each applicant for the situation to enclose her carte de visite.—One of his correspondents closed her reply in these terms: "I do not enclose my carte, for, though there is some authority for putting a cart before a horse, I know of none for putting one before an ass."

AN Irish guide told Dr. Johnson, who wished for a reason why Echo was always of the feminine gender, that "may be it was because she always had the last word."

The Worst of the Job Over.

To any body who considers the military status, it must be apparent that the chief difficulties in the way of restoring the Union are over.

I. The long and bitter struggle for the Mississippi river will not be renewed again. It is redeemed to our arms, and permanently under the control of our authority.

II. The long mountain range extending north and south from Pennsylvania to Northern Georgia and Alabama, is in our possession. The holding of its natural bulwark gives us control of the territory in its rear, and prevents an advance across it by the rebel forces.

III. The rebels in Virginia were never in so precarious a situation before. We have at length learned the art of defending Washington and operating south of Richmond at the same time. The rebel capital is besieged, and must yield before many months.

IV. We are at peace with the whole outside world. England, through her Queen, has just pledged herself to continued neutrality, which if it does not do us absolute justice, bestows no comfort on the rebellion European complications make it certain that the great Powers will leave us undisturbed.

V. The Government has overcome all scruples against the negro soldiers. It stands ready to use every able-bodied black man or woman, either in the army or in some industrial capacity beneficial to the North. All our armies are striking deadly blows against the institution every day.

VI. A large portion of the Democratic party see the end of the war so nearly at hand that, under the cry of conciliation first and war afterwards, they are ready to enter the Presidential campaign.

VII. The greatest military force the rebels can possibly muster is not over three hundred thousand; five hundred thousand more men are to be called to our army in September, making a force adequate to the total destruction of the rebellion in the next year. This year they have every available man in the field while the North has an immense force to draw upon.

VIII. The Northern invasions which were made last year were made with Lee at their head, and the whole rebel army under him.—To-day, the invasions are under some of Lee's subordinates, and are of inferior consequence. Already the rebels are retreating on Richmond up the Shenandoah valley. Invasions cannot be made in any such force as is sufficient to accomplish anything but stealing and plundering.

IX. From having 854,084 square miles at the beginning of the war, they have been reduced to but little more than 500,000 square miles. From an effective population to begin with of 2,826,140 they have been reduced 1,629,240 men between fifteen and fifty, capable of bearing arms or working in the fields.

X. Last year at this time we were fighting for Chatanooga, and the Mississippi river had just been opened. Now we are reaping the fruits of those labors. Sherman's army is penetrating the centre of Georgia, and we are assured, on the very highest authority, that the rebels have no possible chance of withstanding his progress.

These facts are all favorable to our cause. The only question is, will the people have the courage to complete their great work? If there is to be a pusillanimous backing down, and a disgraceful surrender to the rebels, then these considerations are of no avail.

But if we are to prove ourselves a great people, these considerations are calculated to give us courage and hope.—*Cleveland Leader, August 13th.*

WHY A NEGRO IS CALLED A "CONTRABAND."—The rebel Col. Mallory sent a flag of truce to Gen. Butler, on the York Peninsula, claiming three slaves who had sought refuge within the Federal lines to escape being sold to go South. Butler heard the rebel demand, and replied, "You hold that negroes are *property?*"

"I do," said Mallory.

"You also hold to Virginia is no longer a part of the United States?"

"I do"

"Now," said Butler, "You are a lawyer, Col. Mallory, and I want to know if you claim that the Fugitive Slave Act is binding in a foreign nation, and if a foreign nation uses this kind of property to destroy the lives and property of citizens of the United States, if that species of property ought not to be regarded as contraband?"

The Colonel retired without his negroes, and the country rejoices over the construction that a negro was "contraband of war" when the slave of a rebel. Hence the appellation.

"Well, my good woman," said a clergyman, who was sent for in the middle of the night by one of his congregation, "so you are ill, and require the consolation of religion. What can I do for you?"

"No," replied the old lady, "I'm only nervous and can't sleep.

"How can I help that?" asked the minister.

"Oh, sir," said she, "you always put me to sleep so nicely when I go to church, I thought if you would only preach a little to me!"

OFFICIAL COUNTY PAPER.

SATURDAY, OCT. 15th, 1864.

J. J. KNOWLTON & Co., are our authorized Agents for receiving Subscriptions and Advertisements. Office—Cor. Montgomery and California streets, opposite Wells, Fargo & Co., San Francisco.

THE balance in the State Treasury on Saturday, Oct. 8th, was $300,985 99.

SNOW.—There was a brisk snow storm, on Monday last, on the road leading across the mountains from Placerville to Virginia City.

THE Copperhead State Central Committee have nominated Col. J. B. Crockett for Congress in the First District in the place of Downey.

THE inmates of the Nevada Territorial Prison are strong for McClellan. The following vote, taken by the Warden of that institution, shows the political status of the inmates: For McClellan, 18; for Lincoln, 2.

TRY IT.—It is said that WATTS' NERVOUS ANTIDOTE will cure the worst cases of Inflammatory Rheumatism in a very short space of time. If we ever have the misfortune to be afflicted with this terrible disease, *we* shall give Watts' Nervous Antidote a trial sure.

ONE of the speakers at the Copperhead meeting held in this place last week, said that "the Republicans worshipped Abe Lincoln." A McClellan Democrat, repeating the remark in the post-office shortly after with evident delight, was asked if he thought it was true; he said Yes. It was then asked if he knew the meaning of the word, Worship. "O yes," said he; "it means to pray for 'em."

CHRISTIAN COMMISSION FAIR.—The Fair by the ladies of Sacramento for the benefit of the Christian Commission, opened at the Pavilion on the 13th, and will continue open during the State Fair. For several weeks past the ladies of Sacramento and vicinity have been industriously engaged in preparing for this occasion. Extensive arrangements for a supply of useful and fancy articles, refreshments, and objects of taste have been made, and it is believed that it will be one of interest to all patriots throughout the State, and of great advantage to the self-sacrificing soldier.

AMENDED ELECTION LAW.—By an act of the last Legislature, says the Appeal, it was made the duty of the Board of Supervisors of each county to cause to be furnished to the election officers of each election precinct within the respective counties, at least one day preceding each general or special election hereafter to be held in this State, a sufficient number of printed poll and tally list papers, arranged in suitable blank form, for registering and tallying all the votes polled in their precincts; also, said papers shall contain, in printed form, the oath and certificate of returns required by law to be made by election of officers.

THE STATE FAIR will commence at Sacramento on Monday next, Oct. 17th, and will continue until the 22d. The following are the premiums offered:

Monday—Best trotting Stallion, mile heats, 3 in 5, to harness. Purse, $300. After which, Trotting Race, free for all, 4 year olds, mile heats, 3 in 5, to harness. Purse, $250.

Tuesday—Trotting race, mile heats, 3 in 5, to harness. Purse, $500. After which, Trotting race, mile heats, 2 in 3, to harness, free to all Immigrants that have crossed the Plains in 1864. Golden Eagle Hotel purse, $300.

Wednesday—Running race, free for all, mile heats, 3 in 5. Purse, $500. After which for the most accomplished Lady Equistrienne, excepting professionals. Silver plate, $150.

Thursday—Trotting race, mile heats, 3 in 5, to harness. Purse, $150. After which, Trotting race, mile heats and repeat, to harness. Purse, $500. After which, Pacing race, mile heats, 3 in 5, to harness. Purse, $200.

Friday—Trotting race for double teams, mile heats, best 3 in 5. Purse, $800. After which, Trotting race, mile heats, best 3 in 5 to harness. Purse, $300.

Saturday—Running race, 2 miles and repeat, free for all except the winner of the running race on Wednesday. Purse, $500. After which, Trotting race, ten miles out, to harness, free for all. Purse, $1,000

The Annual Address will be delivered at 7½ o'clock P. M., on Wednesday, October 19th.

At the Pavillion, at 8 o'clock P. M, the Annual Ball will take place.

Sanitary Societies.

The Woodland Sanitary Society held a meeting on Wednesday evening in the Good Templars' Hall. There was a good number in attendance, and all present became members by paying the initiation fee (25 cents), and signing the constitution. Permanent officers were elected, consisting of President, Vice-President, Secretary, Treasurer, and Board of Collectors. We had a good social time, as well as enjoying a consciousness of having engaged in one of the most philanthropic works of the age. An able, eloquent, and argumentative address was delibered by C. S. Frost, Esq., on the state of the country and the prospect of our nation's soon being restored to peace and prosperity by suppressing crime.

Other gentlemen present indulged in a few casual remarks. Meeting resolved to hold regular sessions once a week (Wednesday evenings), and all friends of the country are invited to attend. Similar societies have been organized in this county at Washington, Knight's Landing, and Cacheville, and another will be organized at the Prairie Seminary this evening. May heaven prosper the work.

Grand Union Rally.

On Thursday evening last in this place we had another grand Union Rally. The meeting was called to order by C. P. Sprauge, Chairman of the County Central Committee, and the Hon. Dr. Hartsough was elected President of the meeting.

Samuel Brannan, candidate for Presidential Elector was introduced as the first speaker. He intimated that in former times there was a great and good Democratic party who shouted for the "war horse of the democracy," but now the fag end of all parties, consisting of disappointed and sore-headed office seekers had united in their oppositon to the Goverment, and called themselves *Democrats*, and if they shouted at all it was for the *peace* "horse of Democracy." They worshipped at the shaine of Jeff Davis, but were ostensibly supporting McClellan for the Presidency.—That, although they wore cheerful countenances when rebels were temporarily successful, and some of them have been known to shout for Jeff Davis, but not one of the whole posse had ever been known to give a cheer for their candidate, for any act that he had ever done, or any sentiment that he had ever uttered. It was the "*mudsills*" of the North, who were in favor of war until treason should be crushed; and it was the Southern "*Chivs*" that were in favor of peace; they had always been declaring that all they wanted was to be let alone, and all Copperheads want is to let them alone. Some of them had threatened to emmigrate if Lincoln was re-elected; he would bid them, God speed; and if they had not money enough to emmigrate with he would propose raising a subscription for them. All that prevented them from being in the dominions of Jeff Davis now was their contemptible cowardice. Why talk about fighting traitors down in Dixie, when we have them in our midst who threatened to resist in case of Lincoln's election? But let them resist; we had as lief fight and slaughter rebels here as there.

But we have neither time nor space to follow Mr. Brannan further; he took his seat amid deafening cheers for Lincoln, for the loyal States, for the Union party, and for the officers and soldiers of the army.

Mr. Vinton was then introduced, who spoke for an hour or more, with such cutting arguments, such piercing sarcasm, and pointed anecdotes, as to make Copperheads crawl off to their dens, and Union men rejoice in the unmistakable prospects of victory.

The meeting, on the whole, was a perfect success, and convinced all loyal persons present that Yolo county was ripe for a Union victory, and proved to Copperheads that they had already been brought to disgrace, even in their own estimation.

Greenbacks and Taxes.

Under the above head the Sacramento *Bee* of the 7th inst., says:

"During the July term, the Supreme Court rendered a decision which appears to us to have an important bearing on the matter of taxes as well as the legal tender question. It was in the case of Mulford vs. Mayhew. The latter was sheriff of Alameda county. At a sale of property—sold by the sheriff under prosecution—Mulford purchased real estate to the amount of $14,000, for which he paid gold. Within the time required by law the debtor, whose property had been sold, paid over to the sheriff the $14,000 with interest, all in greenbacks, for the purpose redeeming the property. The Court held that the tender of the United States notes on the part of the debtor was a legal tender for the redemption of the property. Should the Court adhere to its original opinion, it will be readily perceived that the decision is bound to exercise an important influence in the matter of taxes. Greenbacks being a tender for the redemption of property sold under execution, large real estate owners, and small ones too, for that matter, will refuse to pay their taxes and will allow their property to be sold for the purpose of redeeming it with a depreciated currency."

Mistakes happen in the best regulated families, and we are not positive that the *Bee* has not slightly erred in its inference. If it be an error it should be corrected rather than that tax payers should refuse to pay their taxes undue the delusive hope that by suffering their lands to be sold they may redeem them in greenbacks.

We do not remember of having noticed the decision referred to by the *Bee*, but we are satisfied that if such decision has been made it was on account of the ambiguity of the fourth sub-division of Section 6, on page 90, of the Statute of 1863, or perhaps the Sheriff had failed to make a proper certificate of sale. But there is no ambiguity in the Act of March 2d, 1863, found on page 129 of the Statutes of California, passed that year, the language of which is as follows:

SEC. 1. No real estate shall be redeemed from any sale made under execution for *taxes*, unless the amount for redemption money which the law requires to be paid is paid in the same kind of money which the law requires to be paid for taxes; and all purchasers of real estate, when such real estate is sold on a judgment for taxes, shall pay the purchase money in the same kind of currency in which taxes are required to be paid.

AGRICULTURAL MEETING.—Notice has been given of a meeting to take place on Saturday next, says the Colusa *Sun* of the 8th inst., for the purpose of taking into consideration measures for the flooding of the Sacramento Valley in the Winter time. We have said a great deal about this subject, and now we would urge the people to come together and consult upon what can be done. There are thousands upon thousands of acres of land on the plains between Stony Creek and Cache Creek which would produce finest the crops of any kind in the known world if it only had water. Come in, then, and let us talk together upon the subject.

ONE hundred applications for divorce have been made to Judge Ferris of Virginia City. Of these eighty-seven were commenced by the wives.

THE Board of Supervisors will meet on Monday next.

Must Vote in Your Own Precinct.

The Sacramento *Daily Bee* of October 7th, under the head of "Voting for President," says;

"We have been asked if it is necessary for a citizen to reside in the district where he offers to vote, for thirty days to be entitled to vote for Presidential Electors. According to the laws of 1863, page 745, a person, provided he has actually resided within the State for six months next preceding the election, can vote for Electors or State officers in any district where he may happen to be. When a person is challenged at the polls it is the duty of the inspector to swear him to answer truly such questions as may be put to him. Having answered such questions satisfastorily, he must then take the prescribed oath, which is that he is twenty-one years of age, is a citizen of the United States, has resided within the State sixth months "next preceding" the election, and that he has not before voted on that day."

From reading the above one would infer that if a person offering his vote at the election, would swear that he was twenty-one years of age, a citizen of the United States, and had resided in the State six months next preceding the election, and that he had not voted on that day, that he would be entitled to vote in whatever county he might happen to be on election day.

We on a former occasion attempted to correct this erroneous impression, and we again repeat that such is not the fact. We therefore hope that none of our readers will be deceived by newspaper articles, whereby they will be liab'e to lose their vote. Such articles are apt to do harm, because they are liable to deceive.

The act governing the question was approved April 4th, 1864, and is found on page 467 of the Statutes of 1863–4, and the oath therein prescribed is as follows: "You do swear, that you are a citizen of the United States, that you are of the age of twenty-one years, according to the best of your knowledge and belief, that you have resided in this State six months next preceding this election, and *this county (township or ward, as the case may be,) thirty days*, and that you have not voted this day.

A WORD TO WAR DEMOCRATS.—The Secessionists have been whining over the fact, as they charge, of Lincoln's tyranny in Kentucky by which the State has been kept in the Union. They claimed she belonged to the Confederacy, and but for the Federal bayonets would have long since been out of the Union. But now the tune is changed. They feel pretty certain that she will vote for Little Mac, and against Lincoln, and they are in ecstacies over the fact that she is in the Union—in long enough any way to vote against the "tyrant." It must be peculiarly gratifying to our war Democrats to know that all secessionists (not Union men) of Kentucky will vote for McClellan. So in Missouri, Maryland, Louisiana. So it would be in all the seceded States if the people thereof could vote. Remember, however, that McClellan does not receive a single vote in these States as a Union man, but because it is believed his election will conduce to the final independence or sovereignty of the Confederacy! Shall Union men be humbugged then by this "war candidate on a secesh platform? Can it be possible that a single Union man can be deceived by any strategy? Who can believe that the ten or fifteen thousand secessionises, as bitter as the bitterest in Dixie, would vote for McClellan did they not believe that his election would lead to a peace on the basis of disunion or the sovereignty of the South? A man who cannot see this must be intensely blinded with prejudice.—*Appeal.*

THE CALIFORNIA WINE BUSINESS.—Some idea of the growing importance of the California wine business, says the *Scientific Press*, may be formed by the fact that the Shipments from San Francisco to Boston, since January last, has amounted to 140,000 gallons; and there are orders yet unfilled exceeding 1,000,000 gallons. The people of the modern Athens appear to appreciate the merits of our native wines. Some of the Port exhibited at the Fair was equal to any ever shipped from Oporto, of an equal age; and we venture the opinion that within ten years from now, California will be as famous for her wines in the market of Europe, as for her gold and silver at the present time.

DRIVING NEGROES OUT OF CARS.—A San Francisco paper says that two negro men and a woman halted a car at the corner of Howard and Third streets, entered and seated themselves amidst a number of white men and women. The ladies immediately got up to leave the car, and a crowd gathered about and compelled the negroes to leave, after which the ladies reseated themselves and the car drove on. The Judge of the Twelfth District Court recently decided that the railroad companies could not refuse to carry negroes in their cars.—*Bee.*

THE prices of passage by the Pacific Mail steamship Constitution, which sailed for Panama on the 13th inst., were as follows: First cabin, for outside and inside rooms respectively, $238 and $186 25; second cabin, $132 50; steerage, $78 75. The rates by the Nicarauga steamer, the Moses Taylor, which sails on the 19th, will be as follows:—First cabin, $175 and $125; second cabin, $100; steerage, "not set," but will doubtless be reduced accordingly.

THE California Steam Navigation Company have declared a dividend of three per cent. on the capital stock, payable on and after the 15th inst.—two per cent. being payable in coin, and one per cent. in greenbacks.

THE following letter is an answer to one sent by JAMES MCCLINTOCK, inquiring whether J. W. SNOWBALL was the authorized Agent for the undersigned:

MARYSVILLE, Oct. 9th, 1864.

MR. MCCLINTOCK: I have yours of the 7th inst., which informs me that Mr. Snowball is my recruiting agent, which is not the fact; for I never gave him or any other *traitor* authority to recruit for me, nor do I want any assistance from *traitors*. The way he came to represent himself as such was, Captain Parks gave him some of my handbills to distribute at your place. I have no agent there, but if you can find any persons who would enlist, you can send them over here; by so doing you will oblige one who is a Lincoln man, and in favor of crushing out this rebellion, so that not a *traitor* shall be left. And one thing more, if you can't wipe out the Copperheads on the 8th day of next month, we will come over and help you. I have got 26 men now that are of the right stripe. Do what you can to help me.

I am your most obd't serv't,

IN THE DISTRICT COURT OF THE SIXTH Judicial District of the State of California, in and for the County of Yolo.

ADAM STEINER, vs. J. S. CLEVENGER, H. P. MARTIN, and JOHN MARTIN. } Action brought in the District Court of the 6th Judicial District of the State of California, in and for the County of Yolo, and the Complaint filed in said County of Yolo, in the office of the Clerk of said District Court.

The People of the State of California send Greeting to H. P. MARTIN, Defendant:

You are hereby required to appear in an action brought against you by the above named Plaintiff in the District Court of the Sixth Judicial District of the State of California, in and for the County of Yolo, and to answer the complaint filed therein, (a copy of which accompanies this Summons,) within ten days, (exclusive of the day of service,) after the service on you of this Summons—if served within this County; or, if served out of this County, but within this Judicial District, within twenty days; or if served out of said District, then within forty days; or if not served otherwise than by this publication, then within three months from the first publication of this Summons.

The said action is brought to recover the sum of $600, and interest thereon at the rate of two per cent per month, on a Promissory Note, made on the 14th day of September, 1863, signed by said J. S. Clevenger, yourself and John Martin.

And you are hereby notified, that if you fail to appear and answer said complain as above required, the said Plaintiff will take judgment against you by default for said sum of Six Hundred Dollars, with interest at two per cent per month from the 14th day of September, 1863, until the rendition of said judgment

Given under my hand and the Seal of the District Court of the 6th Judicial District of the State of California, in and for the County of Yolo, this 11th day of October, D. D. 1864.

PATENT COMBINED GANG PLOW, SEED SOWER AND HARROW,

At Reduced Prices.

We have purchesed the right of this great labor-saving implement for the State of California.

With this combined machine one man, with six horses, can do the work of three twelve inch plows, besides sowing the grain, and harrowing it in as he proceeds, thus finishing his work in the best manner possible, without being obliged to travel over plowed ground. This machine has been very thoroughly tested. It is made very substantial; is not liable to get out of order, and being on large truck wheels, the Gang Plow, Seed Sower and Harrow, runs lighter than three plows would, cutting the same amount of land.

We are desirous of having these plows generally introduced throughout the State, and are therefore prepared to offer very favorable inducements to farmers and the trade.

INDIANAPOLIS, October 12.—Returns from twenty-one counties, partially official, show an aggregate Union majority of 23,000, a net Union gain of over 19,000 over the vote of 1862, which gave a Democratic majority in the State of over 5,000. From present indications the Congressmen will stand eight Union, two Democrats, with the seventh (Voorhees') District doubtful.

From Ohio the returns are sufficient to show the election of the Union State Ticket by a majority not less than forty thousand. Sam Cox is defeated for Congress in the Columbus District. Eggleston (Union) is elected in Alexander Long's District, Hayes (Union) in that now represented by Pendleton.

HARRISBURG, October 12th.—It is believed that the Unionists have carried the State by at least 20,000 majority on the home vote, and have certainly sixteen Union Congressmen, a gain of four.—The legislature is largely Union

WHO SHALL AFFIX STAMPS.—The business community seem to be at a loss to know whose business it is to affix the stamp to any document requiring it by the Internal Revenue law. We have receieved several applications for information on the subject, and produce, for their benefit, the two sections relating to the requirements of the law. It will be seen that, under the provisions of section 151, the question is one for mutual agreement or arrangement, between the parties about to issue or receive any "document or paper," as to which of them shall be to the expense of affixing the required stamp. But by the provisions of section 158, it is made the imperative duty of the party about to sign or issue such "document or paper," to see that the same is duly stamped, for he is liable to fine of $200.

Sect. 151 of the law of June 30, 1864 provides:

* * * There shall be levied, collected and paid for and in respect of the several instruments, matters and things mentioned and described in the schedule marked B, hereunto annexed (which contains a list of stamp duties on all documents and papers)—* * * by any person or persons or party, who shall make, sign or issue the same, or for whose benefit the same shall be made, signed or issued, the several duties or sums of money set down in figures against the same, respectively, or otherwise specified or set forth in the said schedule.

Sect. 158 of the same law provides:

Any person or persons who shall make, sign, issue, or who shall cause to be made, signed or issued, any instrument, document or paper of any kind or discription whatsoever * * * without the same being duly stamped, or having thereupon an adhesive stamp for the duty chargeable thereon, with intent to evade the provisions of this act, shall, for every such offense, forfeit the sum of $300, and such instrument, document or paper, bill, order, draft or note, shall be deemed invalid and of no effect. *New York Shipping List.*

N. B.—The Leader Stove is entirely different from any stove heretofore introduced into this market. The top is made double with a hollow space between, thus insuring the outer thickness from becoming red hot. The top is so constructed that any size boiler can be used. The oven is large and is made with ventilators, so as to secure any degree of heat desired. Persons wishing to purchase a Stove, the most complete and convenient yet invented, will do well to call and see the "Leader." july30 3m

HOBART TAYLOR, with Captain Curry's command, wri'ing to his brother in this valley, Augutus Taylor, under date, Camp Barry, August 14th, 1864, says:

"While out on our last raid, we found a wagon, with cooking utensils in it, two day-books—one of them showing an account with several men in Carson Valley—several photographs and ambrotypes, letters, and various other articles. The wagon was recognized as belonging to four young men who undertook to follow us. Appearances at the wagon indicate that the Indians had attacked them in the night, as the place where their fire was built water had been thown upon it. We camped close to the same place, and sent out men to look for the bodies, but found nothing to show that they had been massacred. A few bullet holes were found in the wagon-bed and ox-yoke. They were either murdered away from their camp, or else they made their way to Canyon City, which was the nearest point from their camp. I hope they have made their escape, for it is horrible to think that they have been cut off from their friends, in the prime of life and the vigor of manhood, far out from the scenes of busy Christian civilzation, with no one to carry the sad news to their friends.

The Quartermaster took charge of all the letters, books, photographs, so that if possible, their relatives may be found.—*Oregon Sentinel.*

MADE HIM SICK.—Cy. Dubois' book goat, until recently a respectable animal, has become corrupted by hob-a-nobbing with Copperheads. He has annoyed us recently by stealing copies of the *Times* from subscribers' doors and eating them. We concluded to sicken him; last week we published the indorsement of McClellan from Alex. Montgomery's Napa *Echo*. As usual, he stole a paper and ate it.—His stomach weakened; the load was to heavy. He is now under medical treatment.—*Pajora Times.*

CALIFORNIA MARBLE.

HAVING been awarded the First Prizes at the different State Fairs for Monumental work, we would respectfully call Particular Attention to our specimens of California Marble, and Workmanship now on hand. It is the best Marble ever found in the United States, and is not excelled in Europe for general purposes. It is free from flint or iron, more compact, of finer texture, and susceptible of as high a polish as the best Italian. As we quarry our own Marble, and are practical workmen in it, we can furnish anything in our line Cheaper than the Cheapest.

And as Good as the Best! To satisfy yourselves of the fact, please call at our

MEDICAL NOTICES.

Important Medical Notice!

THE ELECTROPATHIC INSTITUTE,

645 Washington street.

Below Kearny St.,

SAN FRANCISCO.

Established February, 1860, by an Association of Scientific Gentlemen,

FOR THE

CURE OF DISEASE!

And for the

Suppression of Quackery!

The one great object of the establishment of the *Institute* was to assure to the afflicted scientific and honorable treatment, where they would be safe from the wiles of empirics, who not only rob them of their money, but fill their systems with poisonous minerals, thereby destroying what little of the constitution was left from the ravages of disease.

The result thus far has greatly exceeded the most sanguine expectations of its founders.—So liberal has been the patronage of the public that the Resident and Consulting Physician,

J. H. Josselyn, M. D.,

Has been enabled to reduce the prices of cure very materially.

The Institute combines with its practice both the use of *Vegetable Medicines and the Electropathic System*; that is, the use of *Electricity* and the *Celebrated Electro-Medical Bath*,—the most powerful auxilliary in the removal of virus from the sy tem yet discovered.

It is not necessary to enumerate all the diseases treated at the Institue. All diseases—no matter what may be their name or nature—will be treated in the most scientific manner.

Venereal. This terrible scourge can be eradicated by the system practiced at the Institute in a much shorter time than it has hitherto been accomplished by any other Physician in this country, and so entirely is the disease removed that no taint is left in the blood to break out at some future time. The RESIDENT PHYSICIAN would advise any one who has been afflicted, and who may have any fears that a cure was not effected, or that there is some of the virus still remaining, to call or write and consult him, and they can at once have their mind relieved, and should there be any trouble, a cure can be warranted.

To Females.

Ladies afflicted or in trouble will find at the Institute one who can understand and sympathize with them in their afflictions, and one who will render them prompt assistance, no matter what may be the trouble or disease, with the utmost dispatch nd secrecy. Irregularities attended to promptly, and by the most approved methods.

Seminal Weakness.

That soul-destroying disorder can be cured in a very short time by the system practiced at the *Institute*, and a perfect cure warranted

Medicines sent to all parts of the State, Oregon, Nevada Territory, and, in fact, everywhere within the range of Express facilities.

All letters answered promptly and with pleasure, when directed to

The California Fly-Killing Liquid.

FLY Paper kills its thousands, the LIQUID FLY PAPER its tens of thousands. This preparation for killing flies gives the greatest satisfaction of anything ever yet used. It is now improved to the highest killing point.—It is of such a nature, and so speedy in its effects that the flies will not spot the walls and windows, which makes the use of other preparations so objectionable. WATTS'

NERVOUS ANTIDOTE!

IS THE

MIRACULOUS MEDICINE!

The Elixir Vitæ so long sought by the Philosophers of all Ages.

HEAR! HEAR!! READ AND TRY!!

I have had an INFLAMMATORY RHEUMATISM for six weeks, so bad I could not move or stand. I tried every known remedy without effect. I got one bottle of Watts' Nervous Antidote. I had no pain. I got another and am quite well. I have found it as every one says. It is a wonderful remedy.

THOS. M. TAYLOR,
428 Greenwich street.

I was very much afflicted with St. Vitus' Dance and Bleeding Piles. I have taken the Nervous Antidote and am perfectly restored to health; the twitching nerves also around the mouth is removed, and I am again working at my trade with ease and cheerfulness.

HENRY TOBIAS, 6 Talman St., Brooklin.

One bottle of the Antidote has cured me of Liver Complaint and a violent Pain in the Side. I can now go to work.

WM. THOMPSON, Kent av., Brookln.

Watts' Nervous Antidote has cured me of a Cough and Nervous Debility of very long standing. I feel the greatest benefit from it, in sleep, appetite, and general health.

JANE THOMAS, Fifteenth st., west of 8th av.

I have received great benefit from Watts' Nervous Antidote in Nervous Debility and Deafness; it has improved my hearing, general health, and spirits, in fact I have received the greatest good from it.

MRS. TROTMAN,
Coopers' Av., Newport, L. I.

April 3d, 1849

To Talbot Watts, Esq: Dear Sir—your medicine is the most astonishing thing I ever met with in the world. As I told you I was Weak, Nervous, had no Appetite, and not able to do anything; I took one teaspoonful of your medicine at night, and in the morning I got up fresh like a different person, ate a good breakfast, did my work easily, and altogether felt quite well and happy.

IF YOU ARE SICK, READ THIS!!

MODERN CHEMISTRY has given to the world many new and valuable compounds, and the physician should have a proper knowledge of the chemistry of life, that he may with safety prescribe that which is best suited to meet the wants and supply the demands of animal economy, thereby arresting disease, and effecting a cure much sooner, without injury to the constitution.

DOCTOR A. BALL has accepted the proffered aid of science in isolating and concentrating active principles in rendering medicinal agents safe, prompt, efficient, and pleasant: the old, usual nauseating, and bulky drugs he discards altogether.

DOCTOR BALL has been engaged in the general practice of medicine for forty years, and having had great success in the treatment of the following diseases, has determined to advertise for the benefit of suffering humanity.

Syphilis and Gonorrhœa—In all their complications and stages, Dr. BALL has a new and valuable remedy, which will radically cure in one-fourth the usual time. Potassium, Mercury and Balsams discarded.

Spermatorrhœa—And its complications, Dr. BALL has a specific.

Rheumatism.—Dr. BALL has a specific for this terrible disease, which will give relief in a few hours, and cure in ten days.

Skin Diseases, Eruptions, Poisons, Piles, &c., Skillfully treated, and permanently cured in one-fourth the time usually required in such cases.

Leucorrhœa—And the thousand and one diseases with which woman is often afflicted, Dr. BALL has successfully treated by discarding all the old unsatisfactory remedies and substituting pleasant and efficient medicines, which act like a charm; in a few days the cheek begins to bloom like the rose, and in two or three weeks cheerfulness, activity, and health is the inevitable result.

DR. BALL has correspondents in London, Paris, and Boston, who supply him with all the new and valuable medicinal agents as soon as approved by the great Medical Lights.

Dr. Ball is no Quack.

He is a regularly educated physician of forty years standing, and has a diploma, which he will be pleased to exhibit to those who may wish to see it.

Persons living at a distance, by sending a description of their complaint can have their medicines put up in a package and sent by mail or per express in such a manner as not only to insure safety in transitu, but so that no one would suspect what are the contents.

Reference will be sent by mail to those who may wish to inquire as to the Doctor's ability, before placing themselves in his charge.
